

SMITHY'S BAR

Smithy's Bar, was named after the nickname given to Sir Charles Edward Kingsford-Smith (1897-1935), in recognition of his contributions to the Australian Aviation Industry.

'Smithy,' was the Australian aviator who made the first trans-Pacific flight from the United States to Australia. He continued by making the first non-stop crossing of the Australian mainland, the first flights between Australia and New Zealand, the first eastward Pacific crossing from Australia to the United States & setting a new record of 10.5 days flying from Australia to London.

Titled the world's greatest aviator for his record breaking flights and superhuman flying skills, 'Smithy' held more long distance flying record than anyone else on earth!
