Situated in the vibrant Surry Hills neighbourhood, Rydges Sydney Central provides the perfect balance of accessibility and atmosphere.

The venue is well-served by a network of local transport options, including buses and trains. The nearby Central Station connects you to various parts of Sydney, making it easy for both local and out-of-town attendees to navigate the city. Additionally, ample parking facilities are available for those driving in.

Its newly refreshed conference spaces, ideal positioning close to the CBD, and excellent local transport links make it a standout option for business travellers and event organisers.

Environmental Sustainability

Protecting the environment is important to everyone. EVT pledge to make change happen by implementing sustainable practices across our group, both now and in the future.

Rydges Sydney Central adopts sustainable practices and procurement to reduce our carbon emissions, minimise waste, minimise our use of natural resources and procure products in a sustainable way. Throughout 2025, we will be further reducing waste, increasing our recycled products and will be working alongside Greenfleet, a leading not-for-profit environmental organisation protecting our climate by restoring our forests.

You will have the opportunity to offset your carbon emission by donating to Greenfleet. \$2 per attendee, per day will cover one persons local travel, waste and energy. You will also have the opportunity to opt out of all waste items during your event including paper menus, flipcharts and mints.
